## R&D in Spain

- ✓ **Favorable tax regime.**  
**Spain's advantageous tax regime for R&D&i** is highly valued by multinationals when relocating their research and development activities here. (Barometer of the Business Climate in Spain).
- ✓ **Contribution of foreign companies.**  
“Multinational companies contribute to the **industrialization of the country** and invest heavily in the creation of centers of excellence and innovation; they are responsible for **38.4% of the investment** in R&D&i in Spain.
- ✓ **Quality of proposals developed in Spain.**  
**Spain ranks fourth** among EU countries in European funding received for innovation projects. (2020 horizon).
- ✓ **Progress in R&D.**  
Spain has enjoyed four consecutive years of growth in investment in R&D. (National Statistics Institute).
